Production Supervisor (Industrial Manufacturing Exp. Req.) Description

Our client is looking for a 1st Shift Production Supervisor who enjoys working with people and being part of the action on the production floor. This is a hands-on role where you'll work closely with the team, keep daily production moving, and help employees do their best work. You'll have an opportunity to make a real impact on how the team operates, from improving processes and cross-training employees to keeping production goals on track. They're looking for someone with good energy, a natural ability to connect with people, and the confidence to set expectations and follow through. Someone who can build a strong team, keep people engaged, and create an environment where people take pride in their work. This position offers a stable work environment and the opportunity to grow with an established company that continues to expand.

Production Supervisor (Industrial Manufacturing Exp. Req.) Responsibilities

- Oversee daily production activities to meet operational goals
- Provide direction and support to production employees
- Monitor workflow and adjust resources to maintain productivity
- Address employee performance concerns and reinforce expectations
- Support onboarding, training, and ongoing employee development
- Identify opportunities to improve production processes
- Work with other departments to address production needs
- Review production performance and address areas for improvement
- Maintain a safe, organized, and productive work environment
- Monitor staffing levels and production capacity
- Resolve day-to-day operational challenges on the production floor
- Promote accountability, teamwork, and consistent performance

Production Supervisor (Industrial Manufacturing Exp. Req.) Qualifications

- 5+ years of production experience within industrial manufacturing required
- 3+ years of experience supervising production teams within manufacturing required
